

D8115RII

15.6-Inch Desktop Network Meeting Smart All-in-one Terminal For Video Conference System

Description

D8115RII with high-resolution IPS display screen, clear and beautiful. Capacitive touch, can call windows ink writing, and save the original handwriting of the original file when writing comments on the screen. Low power consumption, great heat dissipation, support power-saving modes such as standby and hibernation. Support background centralized control (Restart & Shutdown). Excellent surface treatment process, and beautiful appearance. Pure network architecture, simple system wiring, convenient debugging and maintenance.

Features

- Paperless single-side desktop terminal;
- High resolution IPS display screen;
- Original handwriting in the original document;
- Support power-saving mode such as standby and hibernation;
- Support background centralized control (restart and shut down);
- Full network structure, simple system wiring.

Specifications

Model	D8115R11
Screen Size	15.6 " , 16:9
Screen Resolution	1920*1080
Dimension (mm)	Screen: 382*247, base: 357.8*115*32
Touch Technology/Surface Hardness	Condenser/Mohs Grade 7
Touch Points/Touch Response	10 points/<10g
Operating Platform	windows7
CPU	Inte Celeron 4-core J1900 @1.99GHz
RAM	DDR3/4G
Hard Disk	60G(SSD)
Wired Network	1000M
Communication Method	WIFI 802.11 b/g/n
Output Interface	VGA*1,HDMI*1,AUDIO*1,RJ45*2
Power	60W DC12V/5A
Battery	AC220V 50/60HZ
Color	Black/Silver
Shell Material	Anodized metal SGCC
Installation Method	Desktop
Working Temperature	-5~45 °C
Storage Temperature	-25~65 °C
Working Humidity	10%~95%
