# D6560

## Desktop Condenser Microphone

## Description

D6560 Conference microphone selection of high-quality back pole capacitance pole, with excellent directivity, designed for the human voice design frequency response, with the head and tail soft middle of the hard universal hose, widely used in various conference venues, is the ideal choice for high-level conference project.

## Features

- This product is designed for conference system use.
- It has wide frequency response, excellent resolution of human voice.
- The product adopts hyper-cardioid pick-up pattern, with high ability of suppressing feedback high sensitivity and high signal-to-noise ratio.

## Specifications

| Model | D6560 |
|---|---|
| Structure | XLR plug-in buckle structure |
| Base materials | zinc base alloy |
| Type | ø9.7 Back pole condenser type |
| Directivity | Hyper cardioid |
| Sensitivity | —35dB±3dB |
| Frequency response | 100-12000Hz |
| Output resistance | 200Ω balanced |
| Output volume | 15mV(1KHz/94dB) |
| Power supply | DC1.5V/48V auto switch |
| Accessories | A、windshield cover 1 pc;<br>B、ø4.3/10m Balanced professional audio cable |
| The best Pickup distance | (20-50)cm |
