

D7675

7.5 Inch Double-Sided Tricolor E-Ink Screen Meeting Nameplate

Description

This E-ink meeting nameplate system, available in 7.3-inch six-color (D7673)and 7.5-inch tricolor (D7675) options, embraces the concepts of digitalization replacing paper-based methods, centralized management replacing fragmented operations, and real-time updates replacing static display. It effectively addresses the common pain points of traditional paper nameplates—such as the need for reprinting when changes are required, low management efficiency, and high ongoing costs. By enabling flexible and dynamic content display, the system enhances information delivery efficiency and strengthens brand image across various application scenarios, making it a practical tool for digital transformation.

Features

- Double-sided 7.5-inch E-Ink display shows information clearly.
- Supports three colors for easy content distinction.
- Spacious display area ensures readable text and graphics.
- High-resolution screen (800 × 480, 125 DPI) for crisp visuals.
- Wide 180° viewing angle for easy reading from any direction.
- Long-lasting battery, up to 8 months per charge.
- Reliable 2.4 GHz wireless connection with 15 m range.
- Flexible content support: text, barcode, QR code, and images.
- Sleek silver finish fits professional office and meeting environments.

Specifications

Model	D7675
Screen Size	7.5 inch × 2
Display Colors	Black / White / Red
Display Area	162.8 (H) × 97.5 (V) mm
Resolution	800 × 480 125DPI
Pixel Size	0.204 × 0.204mm
Viewing Angle	180°
Operating Temperature	0°~50°
Battery	1800mAh Rechargeable Lithium Battery
Battery Life	Up to 8 Months per Full Charge (2 Refreshes per Day)
Operating Frequency	2.4 GHz
Operating Voltage	3.7V (Min. 3V)
Supported Content	Text / Barcode / QR Code / Image
Communication Range	Coverage Radius: 15 m
Material	ABS + PC
Appearance / Color Options	Silver
Product Dimensions	179×138×83mm
Weight	325 ± 5 g
