

LA1408S

15 inch 500W Passive Array Subwoofer

Description

The LA1408S is a professional high-performance speaker for mobile and fixed use, prioritizing durability and sound quality. Its marine-grade plywood cabinet (with aluminum alloy accessories) resists moisture and wear, suitable for outdoor and frequent transport. Equipped with a 15-inch long-stroke woofer and 500W AES power, it delivers powerful bass and 125 ± 2 dB max SPL for clear, distortion-free sound in medium-large spaces.

Features

- Marine-grade plywood cabinet: moisture-resistant and structurally stable
- High-quality aluminum alloy accessories: enhanced sturdiness
- 15-inch long-stroke woofer + 500W AES power: deep, impactful bass
- 98 ± 2 dB sensitivity & 125 ± 2 dB max SPL: loud, distortion-free sound
- 8Ω impedance: compatible with most pro amplifiers
- Ideal for mobile use: outdoor events, live shows, temporary venues
