

## LA1421F

### Dual 10-inch Waterproof Line Array Full-range Speaker

#### Description

The LA1421F is a dual 10-inch waterproof line array full-range speaker featuring high-end quality, adjustable directivity, and excellent sound performance. With its high sensitivity and powerful output, it is perfect for various outdoor and indoor applications requiring clear and immersive audio.

#### Features

- With the waterproof design and high-end high-quality medium and high-frequency passive line array speaker.
- The treble is installed on the horn speaker with constant directivity, which can produce undistorted waveform.
- With excellent radiation characteristics, clear and delicate sound, and strong sound penetration.
- With high sensitivity, high SPL and easy to install.
- An included angle of 0-20 degrees is adjustable between the speaker boxes.
